

Jill M. Hietpas, MPAS, PA-C
Physician Assistant

“I want patients to feel they can speak openly with me regarding their questions and concerns and leave here with realistic expectations and answers.”

Clinical Expertise and Special Interests

Jill is a neurosurgical specialist who assists with surgical interventions of the nervous system – brain, spine and cranial nerves. She has expertise in helping patients to manage chronic pain through the use of implantable medication pumps and spinal cord stimulators. Jill assists the surgeons intraoperatively, and helps to manage their care pre and post operatively. She has a special interest in utilizing technology to improve patient care and to efficiently respond to patient care needs.
