

Randall R. Johnson, M.D., Ph.D.
Neurosurgeon

“I want to help patients obtain relief from pain and suffering in the most compassionate and least invasive fashion possible.”

Clinical Expertise and Special Interests

Dr. Johnson is a neurosurgeon who focuses on the treatment of illnesses involving the brain, spine, and peripheral nerves. He has extensive surgical and nonsurgical training and experience involving a wide range of neurosurgical problems, such as brain and spinal cord tumors, brain aneurysms and vascular malformations, brain and spinal trauma, surgical prevention of/treatment for stroke, and degenerative spine conditions. Dr. Johnson has a special interest in developing neurosurgical services which can be performed less invasively, minimizing pain and maximizing recovery. He is accomplished in endoscopic approaches for the treatment of brain tumors, and hydrocephalus and other neurosurgically treatable disorders. He also is skilled in minimally invasive spine surgery.

Educational Foundation

Building on Excellence

Resident

Neurosurgery, Yale-New Haven Hospital,
New Haven, Connecticut

Internship

General Surgery, Yale-New Haven Hospital,
New Haven, Connecticut

Neurophysiology

James S. McDonnell Postdoctoral Fellow,
Washington University,
Saint Louis, Missouri

Doctor of Medicine

Washington University,
Saint Louis, Missouri

Bachelor of Arts

Northwestern University,
Evanston, Illinois

Recognition of Achievement

Exceeding Our Patients' Expectations

Board Certifications

Neuroendoscopic Course, Barrow Neurological Institute, Phoenix, Arizona
Skull Base Course, Memphis, Tennessee
Global Spine Course, Chicago, Illinois
Krieg Cortical Kudos, Cortical Scholar ("Cajal") Prize
Keck Fellow, Washington University, School of Medicine, Saint Louis, Missouri
Spencer T. Olin Fellow, Washington University, Saint Louis, Missouri
Departmental Honors, Neurobiology and Physiology,
Northwestern University, Evanston, Illinois

Affiliations

CNS Tumor Section, Resident Member
Congress of Neurological Surgeons, Associate Member
